BETTER CROPS WITH PLANT FOOD

Table of Contents -- 1967, 1968, 1969

Winter, 1966-67 issue bound in 1965-66 volume

Spring, 1967

Tomatoes Build Prosperity ---------- 2
Boost Corn Yield Potential, E. B. Early ---------- 6
Apparent Relation--Environment, Potash Fertili- -------10
zation, Plant Composition, Animal Bloat, J. C. Burns, D. A. Holt, C. H. Noller, and C. L. Rhykerd
Largest Indian State Draining Soil Nutrients ----------13
Will Hunger Hide Here? H. L. Garrard ----------15
You Can Grow Top-Grade Potatoes, R. Kunkel ----------16
Coconut Milk and a Power Drill Will Get You A ----------26
Glass of Water--And Hope
VAAC--At Work Winning Vital "Second War" ----------28
Lyman J. Noordhoff

Summer, 1967

Luxury K Use...Fact or Myth, J. R. George, ----------2
C. L. Rhykerd, C. H. Noller
A New Format For Discussing Fertilizer Timing ----------6
Samuel R. Aldrich
Fall or Spring Plowing, Regis D. Voss ----------8
Planning Better Fertility, T. R. Peck ----------14
Fall-Winter Spreading Starts Time $ Saving Action ------16
H. L. Garrard
Nitrogen Timetable: Midwest, Leo M. Walsh ----------18
Nitrogen Timetable: Northeast, James H. Eakin ----------19
Put The Facts To Work----------24
Catalog of Fall-Winter Fertilization Aids----------30

Number 4, 1967

Fertilized Soybeans Can Match Corn Profit-Wise --------- 2
S. E. Younts
Grandpa Had Little Choice, Johnny W. Pendleton, -------- 8
M. G. Oldham, and J. E. Dillon
The Queen Needs Added Phosphate & Potash, J. A. Jackobs-12
Growers In The Know Go In The Snow, H. L. Garrard -----16
An Agricultural Paul Revere ----------18
Potassium Needs Show On Seed Potatoes ----------24
Charles G. Painter and R. E. Ohms
Loafing Acres Go To Work, W. C. Thompson and ----------26
R. F. Cornelius
The Manlius Prober, Wingate Martin ----------29

Number 1, 1968 A Special Issue On Potassium As A Crop Quality Builder...
...On Soybeans, A. J. Ohlrogge ---------- 2
...On Corn, R. D. Munson ---------- 4
...On Alfalfa, Milo B. Tesar ---------- 6
...On Grapes, James A. Cook ---------- 8
...On Peaches, R. P. Humbert ----------10
...On Pineapple, W. G. Sanford ----------12
...On Cotton, S. E. Younts ----------14
...On Tobacco, H. L. Garrard ----------16
...On Lemons, T. W. Embleton and W. W. Jones ----------18
...On Quality Grasses, R. W. Schery ----------20
...On Rice, H. R. von Uexkull ----------22
...On Potatoes, G. E. Wilcox, John Hilger, S. A. Lam --24
...On Bananas, C. T. Ho ----------26
...On Sugarcane, Roger Humbert ----------28

Number 2, 1968
Potassium Reduces Corn Leaf Disease, John Webb -------- 2
and Ronald George
Turkey Turns To Fertilizer, Dennis Craig ---------- 4
Use Those Stalks, Frank Schaller and Ron George ------ 7
Prescription Pine Plantings Reclaim Eroded Land ------- 8
N. B. Goebel
Put Strength in Roadside Turf, L. F. Foote ----------10
2,000 A. D. Farming ----------14
Successful Farming's New 8-Star High-Yield Forage -----16
System, Charles E. Sommers
No Looting Here ----------22
Turfgrass--America's "Growingest" Crop, R. W. Schery---24
Serve As Well As Sell The Farmer, J. Fielding Reed-----28
Diagnose K Hunger in 5 Tree Species, Edward Sucoff ----30
and Donald Perala
A Servant Passes Cover--3

Number 3, 1968
Guard Against Drouth Induced Nutrient Hunger ----------2
Lloyd Dumenil and Ron George
When Is Year-Round Fertility Go?...in the Midwest ------7
Harry M. Galloway
...in the South, P. J. Bergeaux ----------10
...in the Northeast, V. A. Bandel ----------13
Turn Time Into Money At Planting, W. W. Nelson --------16
Practice Flexible Fertility: Bury Delays, Stanley A. --18
Barber
Nitrogen Hangs On ----------21

What About Fertilizing Vegetable Crops in Fall --------22
And Winter? J. F. Bartz
Two Pros Talk, James M. Eller, Edgar M. Urevig --------26
Profit Pointers To Ponder ----------30
Fall-Winter Educational Aids Cover--3

Number 4, 1968

Capacity of Corn Hybrids to Absorb & Use Potassium ---- 2
L. M. Josephson, W. L. Parks, and Charles Freeman
Soil Science Teaching Comes Alive, Henry D. Foth ------ 6
Potash Boosts Vegetable Yields, Roy Flannery ---------- 8
Watch Needs of Irrigated Turf, P. E. Rieke ----------11
Precision Crop Feeding, C. M. Geraldson ----------12
Putting System Into Farming, J. Benton Jones ----------16
Bring Your Meetings and Mailings Alive ----------19
Leaf Analysis Leads To New Profits In Prunes ---------21
Robert L. Stebbins
Alfalfa Can Be Grown Profitably On Coarse Soils -------24
C. J. Overdahl
Mineral Deficiencies Change Organic Acids ----------28
Ralph B. Clark
What Is The Profitability Of Your Fertilizer Use? -----30
R. J. Hildreth

Number 1, 1969

Tomorrow In Fertilizer, Ralph L. Wehunt ----------2
Potash Gives Sweet Potatoes A Big Lift, From ----------8
A.C.T. Ho Report
N-K Teamwork Gives Lime Yields Big Boost, T. W. -------12
Young and R.C.J. Koo
Can Your Turf (Lawn) Take It This Year? ----------16
Plant Analyses Uncover Hidden Hunger in Indiana -------19
Eldon L. Hood
Communications Must Keep Pace, William H. Folwell------20
NPK Team For Rice Profits In Korea, From ----------24
Lee Dong Suk Report
Fight Stalk Rot With Right Fertility, Albert Myer -----26
High Populations Boost Snap Bean And Sweet Corn Yields-30
H. J. Mack

Number 2, 1969

Over 100 Bu. Soybeans Per Acre ----------2
Fertilizer Rate & Placement For Cotton, J. R. Overton --4
and W. L. Parks
Answer 'Em With Facts----------8
Human Need For Potassium Showing Up ----------10
Time To Gear Up For Fall Forage ----------16
Dealer Training, Marion E. Kroetz and Walter H. -------22
Schmidt
Fertilizer Takes Wings ----------25
Were You Disappointed? B. O. Blair ----------26
Why Aren't You Farming? ----------28
The Long Pull, W. W. Woodhouse, Jr. ----------30
Whole Package Gets Top Yields ----------32

Number 3, 1969

What Is A Farmer's Time Worth, J. William Uhrig --------2
Control Open House ----------5
Diagnose NPK Problems With Soil Tests, Grant W. Thomas--6
Hand-in-Hand To High Yields, J. R. Brown & F. A. Martz-10
How To Fail At Farming ----------12
Don't Surrender to the Weevil, Joe L. Newcomer---------14
Two New Slide Sets Shoot For Higher Goals----------16
Food For Future Forests, S. A. Wilde & Kenneth Derr----23
Nutrient Balance More Important Than Ever, Ernest L. --25
Bergman, R. F. Fletcher and M. R. Heddleson
What Do You Recommend? Conrad Kresge ----------28
High Removal Trends ----------29

Number 4, 1969

Who Will Create? ---------- Cover--2
Going It Alone, D. W. Graffis ----------2
K Absolutely Required ----------5
Higher Alfalfa Yields Mean P-K Removal, Robert J. Buker-6
A New Day For Alfalfa, R. R. Seaney----------8
Pay Up Or Plow Up, S. H. Dobson ----------10
Surprise Outpouring ----------13
The Willing Ruralist, Santford Martin ----------15
Potassium Boosts Corn Grain Quality, D. R. Keeney------22
Science In The Press, Leon E. Trachtman and ----------24
Allan R. Starry
Tips For Top-Profit Soybeans ----------28
Industry Praised--And Challenged ----------32
What Is An Agronomist? Cover-- 3
